We will provide copies that we have of Real Book I in concert, Bb, Eb, and bass clef. Feel free to bring your own Real Book to supplement ours.

Charts will be provided for the vocal tunes we'll be doing in a key that varies from the one in the Real Book and for any tunes we'll be doing that aren't in the Real Book.

To give improvisers of all levels a chance to play, we're designating tunes for the evening as described below:

Memorial Trio: Tony Bussone, Bill Chapin, and Paul Nielsen will perform these tunes.

Experienced: Any experienced improvisers who know the tune are encouraged to join us on stage.

All Improvisers Invited: Students and players at any level can take a crack at playing and improvising on the tune.

Sunday and Monday Night Combo: Students from the Grayslake Jazz Combo Workshop will perform these tunes.

Extra tunes we can do if there's time:
